Dear Wayne:

I'd like to thank you and your Bureau for promptly expediting our request to meet with oil, gas and mining representatives concerning short and long-term reclamation plans at our Escalante unit. The outcome of the meeting with you, Scott Johnson and Holland Shaffer will allow Hecla to efficiently initiate reclamation tasks before the mining sector of the operations shuts down on December 31, 1988.

I didn't have a company card at the time you asked, so I've enclosed my card for your information.

Sincerely,

Bryan Johnson
